GALVESTON, TEXAS, Oct. 28.—Felix Diaz was taken on board the United States gunboat Wheeler at Vera Cruz early to-day after he had informed the American Consul there, William C. Williams, that agents of General Huerta had conspired to assassinate him, according to a cablegram received here.

The dispatch said that Jose Sanchez and his second, two reporters of Diaz, and Alexander Williams, an American newspaper man, were taken on board the Wheeler with Diaz, who had been under arrest on suspicion of being a United States spy.

Advice received here early to-day indicated that the officials at Vera Cruz, including Williams, an American citizen, who accompanied the Diaz party from Havana to Vera Cruz, is said to have been arrested by Mexican officers.

Huerta Preparing to Ask Recognition Again.

Cable to The Atlanta Georgian.

MEXICO CITY, Oct. 28.—Huerta, prompted by the pressure of President Wilson, expressed through Special Envoy Lind, that an escelito be held in Mexico, General Huerta is preparing to ask again the recognition of the United States to his regime.

It was learned to-day that Senator Hobson, the Foreign Minister, is at work on the subject Monday night. Hobson was made for the abolition of the death penalty, the Russian brutal murder trial, and Leo M. Elkins, who was not present for important utterances. Sam Egan and A. Gleason argued against the extreme degree of severity of the trial. H. R. Rosen and Mr. Zabala spoke for it.

Conspiracy education will be the subject for debate next Monday night.

Jewish Alliance to Hold Debate Series

Cheered by the successful meeting Monday night of the Jewish peace-making delegation from the Jewish organizations of Mexico, members of the organization are planning a series of debates to be held each Monday night throughout the winter.

The question will be the most pacifying assurance of American relations to all South American countries.

Secretary Daniels left early this morning, ordered back to Washington by the President. The President was responsible for the changes.

Last night the Secretary of the Navy addressed the Southern Congressional Congress on the subject, "The Panama Canal and the Nation."

When asked about the situation in Mexico, Secretary Daniels said that the efforts of the Administration were being directed to its peaceful settlement.

"One can never tell. War is a matter of psychology. Sometimes a spark may set off old flames," he said.

U. S. Fosters Raising New Hay in Georgia

Increased activity among Georgia farmers in growing hay which a legume quickly akin to clover, and which makes a good hay, has led the action of the United States Department of Agriculture in distributing, for free, seed plans to the farmers of the border with which it is necessary to inoculate the seed before it will grow well.

Commodity education will be the subject for debate next Monday night.

Tells Grand Jurors To Close Elks' Club

TATHLON, Oct. 28.—Judge K. J. Hawkin charged the Laurens County Grand Jury that if they did not they would be held in contempt of court club.

The judge has been making some time between the W. C. T. U. and the Elks Club. Some time ago women of the city signed a petition to the order of the Elks to close the club features, but the petition was not heard.

The Elks claim that they are complying with the law regulating locker clubs.

Taunts Wife as Poor Shot; She Wounds Him

SAVANNAH, Oct. 28.—A young woman, probably a prostitute, is in the hospital today with a load of birdshot in her neck, inflicted by her wife. She is the fourth person to be shot in the neck since yesterday. Chapman, after killing a few birds, taunted his wife with the remark, "I'll get you yet." She pointed her gun at him, thinking it empty. It was discharged, the entire cartridge exploding in the pocket of the feathers with which it is necessary to inoculate the seed before it will grow well.

These officers fear to incur the displeasure of the dictator by refusing to quit the army and are willing to place their skins on the block.

General Huerta and his intimate stepson, General Diaz, are invited to the coming session of Congress which will be convened about the middle of November. The editor of the *Ballantine of Sunday*, "no election" newspaper, has issued a declaration of confidence in the regime of Huerta and asks him to remain in power as long as possible. No election can be held or until the country is in a condition to receive constitutional steps to be taken. It is also expected to pass a bill approving the loan for the increase of the

General Diaz.

FELIX DIAZ FLEES FOR LIFE

Mexican Leader Declares That Huerta Assassins Are Now Seeking Him.

HEAVY MAJORITY OF VOTES FOR HUERTA

MEXICO CITY, Oct. 28.—Official returns from the presidential election to-day upset the claims made by supporters of Gómez and Diaz that they were the leading men. A count of the ballot boxes in about twenty Mexican Federal districts' voting places showed that the ticket headed by General Alvaro Obregón and General Plutarco Elias Calles was successful by an overwhelming majority.

This was due to the fact that in many places only soldiers voted.

WASHINGTON, Oct. 28.—Secretary of State Bryan stated that Great Britain, France and Germany have promised the United States not to interfere in Mexico's internal affairs until they receive the formal statement now being prepared by President Wilson as to the future foreign policy of the United States.

Secretary Bryan stated that three powers have adopted this course at the request of the United States. He said he did not know when this statement of policy will be issued.

The United States to-night will dispatch a wire to Mexico on the one coast of Mexico to protest the French colony at San Ignacio. If necessary military force will be landed and marched inland to prevent its capture. This will be done as a result of a formal requisition from the French Foreign Office that the United States exercise its "policing power" in the Western Hemisphere.

The success of the project depends on the fact that the joint committee will make to the next session of the Legislature a bill which will be introduced.

Hope For Bald Heads

Well Known Politician Nearly Bald Now Has Heavy Growth of Hair.

Tells How He Did It.

A Western politician, well known and popular, has recently lost his hair, many of his friends and relatives are surprised at the loss of hair. On being asked why he had lost his hair, he gave the following statement:

"I attribute the growth of my hair to the following simple recipe which any man can follow: Take one-half pint of water and 1 ounce of Apple Cider Vinegar, 1/2 pound of soap, and a ounce of Glycerine. Apply this to the head and rub it in. It will promote hair growth.

He follows this treatment with a cold bath, and removes certain scalp infections and stimulates the hair follicles.

He has also found great relief in the use of this treatment.

These ingredients can be purchased at any drug store for a very little cost and mixed at home.

SIDELIGHTS ON GEORGIA POLITICS

BY JAMES B. NEVIN

Speaking of the "out again, on again" goings on in Georgia politics, one of the newest men there this county fair seems to be causing quite a stir.

The Committee of Georgia recently selected one in Cartersville, another in Macon, another in Commerce, and soon leaves to three in South Georgia—In Dublin, Laurens County, and in Eatonton, Putnam County.

Every time he gets home from one he says he thinks that is surely the last one, and can't wait to get another one, and then another one comes along, and delegations wait on him and petition him with genuine tears in their eyes, not to pass up THEIR State and the whole thing goes on.

No trouble whatever, and a good thing for the street car companies and the Lindale express agent!

Should worry in Rome? ROMULUS.

Well, if that's a "no," we should worry in Atlanta, and Hapeville and Macon, and Hinesville, and around and about Georgia generally!

Maybe the worst is yet to come in one more!

He has to do some stand and shift running—standing, sitting, walking, running—he has to keep the public affairs going in the Capitol while he looks on in the various fairs he manages.

He is always overtime work, for one thing, and when he goes away he leaves one of his faithful secretaries sitting right on the lid.

Judge Augustus Dailey, of the newly created Municipal Court of Macon, has been named to the rank of Commissioner of the Randolph Wright class of the state.

Mr. Wright is one of the best known and most popular young men in Middle Georgia, and there is hardly room for a doubt that Judge Dailey's appointment will meet with instant favor and approval.

Mr. Wright is an old newspaper man, for one thing, and one of the best "mucks" ever to live; and with all that, he is a most capable and efficient man of affairs.

The clerkship to which he has been appointed is a particularly desirable one and was sought by many. Mr. Dailey's name was not mentioned from the Blue Book, however, from King of London, England, he received to be the especial guest of honor on "Georgia Day," which has been observed annually for September 23, 1914, at the Anglo-American Exposition to be held that overgrown English village then.

"I went to the big show last Saturday and met King George and I said to myself, 'I will visit every city in the United States and San Francisco, and I surely shall visit every English country fair that I can get to, but I will have to pay my bill,' " said Mr. Dailey.

At the time of the return of Queen Elizabeth, he said, the management has seen fit to set aside a day in her honor, but I really couldn't spare the time to go all the way to London," said the Governor.

The new clerk assumes his duties immediately.

Pill Cook, the Secretary of State, is deeply interested in the forthcoming big automobile show in Atlanta, and expects to attend every session of the same—it's the proper term.

"The automobile business is a tremendous thing," said Mr. Cook, "and I have been greatly interested in it, because I come in contact, sooner or later, with every automobile owner in the State. I know from personal experience that lots of car owners and car buyers are coming here next month to see the big show, for they write me to tell me of their effect."

"Georgia has licensed nearly 25,000 automobiles this year—think of it! At an average price of \$1,200 per machine, that is about right," said the little fellow, who added, "I think that is great thing this industry is, and that is in one Southern State only!" Handcuffing the machine owners through their dealers has been the chief reason for the great significance of the matter.

"Georgians are more enthusiastic for the bumper buggies, and sometimes I almost get the fever to where I think I surely must have a car myself."

You see, those Romans who will.

Advice to the Lovelorn

By BEATRICE FAIRFAX.

YOU MUST MAKE FRIENDS.

Dear Miss Fairfax,
I am a young lady eighteen years of age and have no friend, but you are the only person I associate with in my sister, who is seventeen. I do not like to date with other young men, although I had a number of dates with them before I would not answer any one who spoke to me on the street, etc. I have a few boy friends, and a nice young man in a decent way.

CONSTANT READER.

You are right in refusing to encourage the advances of strangers, but you must have some friends who would introduce you. Can you not trust in them to this extent? Be a little friendly with their friends, and they will not be strangers long.

WRITE HIM A NOTE.

Dear Miss Fairfax,
I am seventeen and have kept company with a young man of eighteen for about a year. Recently we have been quiet and not speaking to each other. He has gone away and I have not seen him since. I know he loves me. What would you advise me to do in this case? I am very fond of him, but that is all. He has told some friends he likes me.

NETTIE.

It seems to me he is risking the happiness of two to gratify a stubborn pride. I am sorry you have to tell me to make the overture, but love is too precious to lose because of such a trifling matter who will speak first?

Write him a friendly little note. If he doesn't reply, try to forget him.

ASK HIM TO CALL.

Dear Miss Fairfax,
I am eighteen, and have been writing to him, and now I have taken him out to several places of amusement. The last time we were together he was very angry, but I am sure he loves me.

I thought I would not go out with him again, and as I did not answer him, he did not call me again.

MURIEL.

Your past association entitles you to make the overture, but don't call. I am sure if he is learning to care for you that he will accept, and that explanations and a reconciliation will follow.

DEVORE SIGNED BY JACKETS TO COACH LINEMEN

Former All-American Tackle Will Start Active Work on Squad This Afternoon.

A MOVE that is expected to round off the Yellow Jackets into one of the best football teams of the South was completed yesterday when Lieutenant Devore, of the Seventeenth Infantery, who last year was West Point team and all-American tackle for three years, was signed to coach the line men for the remainder of the season.

The new coach, who has been after Devore all season, but was not until late yesterday that arrangements were made, said it was a well-known fact that the Tech line is the best in the South.

It is now thought that Devore will build up a defense that will be both strong and fast.

Coach Foss Teach is to meet Devore this afternoon and hand this afternoon to

coach work to him.

HARVARD REIGNS SUPREME OVER EASTERN TEAMS

Dartmouth Ranks Second to Crimson Eleven at Present Rating. Princeton Defeat Big Blow.

By Frank G. Menke.

NEW YORK, Oct. 27.—Harvard to-day reigns supreme in the East, according to the record book, with Dartmouth second, Princeton third and Yale and Pennsylvania about tied for fourth place. One of the big regents of the season is the Crimson eleven, who for the first time in many years, will not make the top ten. The champion must be chosen from between these two teams, and not from among the others, because Harvard is in former years.

Each year in which Harvard figures more forcibly demonstrates the fact that the Crimson gods are not dead, and that their football aggressions ever gathered together, to the point of a well defense and a smashing, dash-

offense that no opponent this has been able to stop.

The Dartmouth aggression by its

5 to 8 victory over the speedy Princeton outfit, has demonstrated beyond question that the Crimson eleven is the best team in the country, that ranks second only to Harvard, and many there are who believe the last two teams may be equal.

The two great rivals, however, for the first time in many years, will not meet in the fall, and the champion must be chosen from be-

tween these two teams, and not from among the others, because Harvard is in former years.

Each year in which Harvard

figures more forcibly demon-

strates the fact that the Crimson gods are not dead, and that their

football aggressions ever gathered

together, to the point of a well de-

fense and a smashing, dash-

offense that no opponent this has been able to stop.

STATUARY was a day of surprises and one in which the record book was upset and scattered in seventeen directions. Everywhere throughout the nation the records were broken, and the magnates who depend very largely on the game for their living, were disappointed to the Dartmouth boys, who were unable to use the forwardness and the many dependencies, to any great extent.

Princeton's defeat Saturday by its

5 to 8 victory over the speedy

Princeton outfit, has demonstrated beyond question that the Crimson gods are not dead, and that their

football aggressions ever gathered

fense and a smashing, dash-

Eugene Carpentier, in a 20-round bout, beat George Carpenter in the eighth round.

The American fighters \$5,000 for the fight.

Wolast, the lightweight champion, just closed a deal with former Maxie, the former featherweight, for a round bout at \$17,000 for a ranch near Medina, Ohio, and the two fighters will ranches in Oregon, a Michigan farm and considerable live stock.

The lure of smiles and good looks is strong. Marimac was a boy Russell was here but for a day. Marimac Russell for three. In spite of all his wit, he would not make a fool of himself.

SEES WILSON PLAN FOR INVASION OF MEXICO

BILLY HITT WINS MISS ELKINS AT LAST; DUKE'S RIVAL SEVEN YEARS

American Weds Daughter of Late Senator After Abruzzi Failed in His Quest.

WHEELING, W. Va., Oct. 27.—Katherine Elkins was married this afternoon at Elkins, W. Va., to "Billy" Hitt.

The wedding is the culmination of a romance of seven years during which Miss Elkins was ardently wooed both by Mr. Hitt and the Italian Duke of Abruzzi. Only a few intimate friends were present at the ceremony, which took place at the palatial home of the bride.

Miss Elkins is the daughter of the late Senator Stephen B. Elkins, of this State.

William ("Billy") Hitt is the son of Reynolds Hitt. When he first wooed Miss Elkins seven years ago his suit was favored by the late Senator Elkins, who disapproved heartily of the Duke of Abruzzi for a son-in-law.

"Seven years will suffice for you, Duke or no Duke," said Hitt to Miss Elkins, "and then it will be to say yes or no."

But the Duke was as faithful a lover as Billy, and it was only when royalty looked with disfavor upon the match that he gave up the American girl.

TELLS JURY TO CLOSE CLUB.
DUBLIN, Oct. 28.—Judge K. J. Hawkins charged the Laurens County Grand Jurors that if they did their duty they would abolish the Dublin Elks' locker club.

The locker has been an issue for some time between the W. C. T. U. and the Elks' Club. Some time ago women of the city signed a petition to the order asking that it abolish this feature, but the petition was not heeded.

The Elks claim that they are complying strictly with the law regulating locker clubs.

BROTHERS SLAIN.

GREENVILLE, S. C., Oct. 28.—As the result of a long-standing family feud, Ernest and Hunt Sharpe, brothers, are dead and a brother-in-law, Cornelius Edwards, is shot in the arm. The brothers were attacked by Edwards at Graycourt, Laurens County. Edwards is in jail charged with murder.

It is said that a disagreement over the division of property caused the feud.

More Lepers in U. S. Says Mission Head

DENVER, COLO., Oct. 28.—William M. Donner, secretary of the U. S. A. Committee of the Mission to Lepers, says leprosy is rapidly increasing in the United States. He says there are 1,000,000 lepers in the world, but the United States has only a small portion.

"The disease is not hereditary," he says. "Our mission has maintained homes for untainted children of lepers for years."

PAYS \$35,000 ALIMONY.

MEMPHIS, Oct. 28.—J. M. Toohey, who a few months ago paid his wife \$35,000 alimony, following a sensational bill for divorce filed by him and cross-bill filed by Mrs. Toohey, died to-day at his Memphis home. He was 50 years old.

"TIGER" SENT UP AGAIN.

ANNIEVILLE, Oct. 28, N. Y.—Carrington sent up for violating the prohibition law and paroled by Governor O'Neal, was again convicted in Police Court to-day. Being given a sentence of three months and a fine of \$100 and costs.

GOVERNOR TO HUNT.

JEFFERSON CITY, Mo., Oct. 28.—Governor Major, members of his staff and other friends will go on a possum hunt in the 250 miles of woods. Old-timers hint that the possum does not frequent macadam roads.

Lawyer Accused of Poisoning Daughter

SANTA FE, N. MEX., Oct. 28.—H. M. Major, an attorney of Alamogordo, N. Mex., is under arrest on the charge of murder, the charge growing out of the death of his daughter, Endora, who died suddenly following the death of her mother and the payment of the mother's life insurance.

The company refused to pay the daughter's life insurance policy and had the girl's body disinterred for autopsy. Mr. Major's arrest followed his recent marriage to Miss Isabelle Gibson, an El Paso, Texas, school teacher. She is ill.

RIOTING FOLLOWS STRIKE.
NEW YORK, Oct. 28.—Exactly twelve hours after the chauffeurs employed for the transfer of United States mail in New York city had struck, rioting broke out to-day.

An attack was made by the strike sympathizers on automobile trucks manned by strike breakers and sent out from the barns of the postal transfer service under police guard.

Chauffeur Ray Calderon was injured. Policeman Barry narrowly escaped death. The attack took place at Thirtieth street and Eighth avenue. The crowd had lain in wait. Two men were arrested.

HOBSON DISSECTS WILSON'S SPEECH

Congressman Believes President Means That United States Will Go Into Huerta's Country.

MOBILE, ALA., Oct. 28.—Quoting from President Wilson's speech before the Southern Commercial Congress that "the United States will never seek one additional foot of territory by conquest," Congressman Richmond Pearson Hobson today said:

"I construe this to mean that we are going into Mexico, but that we will come out when order has been restored."

"It is inconceivable that the President meant to say in this grave emergency that the United States would not under any conditions intervene with force in Mexico. I am sure he did not so intend. I believe that his words were intended to assure the friends of constitutional government in Mexico that if the United States found it necessary to send troops to restore order in that country that the troops would not remain to occupy Mexican territory, but would be withdrawn when peace was restored."

John Temple Graves said:

"Read in connection with the President's assurance that this country and the Latin-American countries must unite to insist upon constitutional government upon this continent, there can be no other meaning."

"It was evident also that Mr. Wilson intended to convey the most pacifying assurance of American relations to all South American countries."

Secretary Daniels left early this morning, ordered back to Washington by the President. The seriousness of the situation in Mexico is said to be responsible for the change.

Last night the Secretary of the Navy addressed the Southern Commercial Congress on the subject, "The Panama Canal and the Navy."

When asked about the situation in Mexico, Secretary Daniels said that the best efforts of the Administration were being directed to its peaceful settlement.

"One can never tell. War is a matter of psychology. Sometimes a spark may fan old flames," he said.

MRS. EATON IN TEARS.

PLYMOUTH, MASS., Oct. 28.—Mrs. Jennie May Eaton to-day showed her first sign of emotion during the second day of the terrific cross-examination in her trial for the murder of her husband, Rear Admiral Joseph G. Eaton.

Traces of the severe seven-hour grilling to which the defendant was subjected yesterday were seen in her blanched face, twitching hands and the tears which at times rose to her eyes. But Mrs. Eaton did not flinch. Her eyes swept the crowded courtroom, then reverted with an unwavering gaze to District Attorney Barker.

Mrs. Eaton declared that she believed her husband would have "given a large sum of money to have June (her daughter) live with him."

FELIX DIAZ FLEES TO U. S. GUNBOAT

SAYS ASSASSINS ARE SEEKING HIM

Leader Appeals to American Consul—Two Aides and Newspaper Man Also Taken on Vessel.

GALVESTON, TEXAS, Oct. 28.—General Felix Diaz was taken on board the United States gunboat Wheeler at Vera Cruz early to-day after he had informed the American Consul there, William Canada, that agents of General Huerta had threatened to assassinate him according to a cablegram received here.

The dispatch adds that Jose Sandoval and Cecilio Ocon, two supporters of Diaz, and Alexander Williams, an American newspaper man, were taken on board the Wheeler with Diaz, and are now under the protection of the United States flag.

Advices received here early to-day indicated that the conditions at Vera Cruz are serious. L. Blum, an American citizen who accompanied the Diaz party from Havana to Vera Cruz, is said to have been arrested by Mexican officers.

TO ASK RECOGNITION.
MEXICO CITY, Oct. 28.—Mexico has complied with the request of President Wilson, expressed through Special Envoy Lind, that an election be held in Mexico, General Huerta is preparing to make an appeal to the United States to recognize his regime.

It is reported to-day that Senator Madero, the Foreign Minister, is at work on the draft of a note, although negotiations are in progress with European powers which may prevent its presentation. It is believed that the Huerta Administration is able to secure a big loan it will not insist upon recognition by the United States, but will content itself with formal request for equality of relations.

The general apathy over the Presidential election continues, the people realizing in advance what Huerta's proclamation announcing the result will be.

Throughout the maze of Mexican politics a black spirit of intrigue not seen since the Middle Ages of European courts has been and still is evident. Felix Diaz, who formerly enjoyed an air of mystery and prestige with Huerta, is being forced from the stage and into private life. Diaz, who has been detained at Vera Cruz ostensibly by the illness of his wife, but really through fear of arrest or assassination, has told his friends that he is preparing to retire to private life.

P. Morgan, is to marry Devereux Milburn, the polo crack, Miss Kathryn Steele, the younger sister-in-law, "might do worse to wed," Francis Ouimet, the champion golfer.

FRANK WITNESSES RAPED BY DORSEY

Solicitor Is Scathing in His Demand for a Refusal of a New Trial.

Juror A. H. Henslee's alleged bias against Leo M. Frank, whom much discussion and fighting in the hearing for a new trial has centered, again was the subject when Solicitor General Dorsey resumed his argument in defense of the verdict of guilty Tuesday, in the library of the State Capitol. He made a bitter attack on the character of some of the defense's witnesses.

The Solicitor took up the business connections, character and reputation of each of the jurors, paying particular attention to Henslee and to the two attacked, and sought to show that the jury was unusually and remarkably high class, and that it was utterly futile to allege that any member was prejudiced and unfair, as it had been an endeavor of Frank's lawyers to establish.

Dorsey made an eloquent protest against the upsetting of a solemn verdict of a jury on what he described as the flimsy and insubstantial grounds advanced by the defense. He strongly attacked the reputation for veracity of several of the defense's witnesses who swore to the expressed bias of Henslee, and asked if a new trial should be granted on their irresponsible statements.

Dr. W. H. Smith, of Atlanta, a representative of the Mason's Annuity; Samuel Aaron, of No. 217 Crew street, and R. L. Gremmer, of Albany, were the trio most bitterly assailed by the Solicitor. All had testified here that Henslee made denunciatory remarks in regard to Frank before the trial began.

"It's up to your honor to say whether you will take the word of Stough, impeached by Lou Castro and his co-defendants, or of Henslee, only unimpeached, but sustained by the other eleven jurors with whom he was thrown for the 22 days of the trial," said Dorsey.

"It is up to your honor to say whether you will take the word of the irresponsible Sam Aaron or that of the impeached R. L. Gremmer against that of this juror who was unchallenged when he went into the jury box and whose vote of 'doubtful' on the first ballot—the only 'doubtful' vote cast—indicates that he was far from biased or prejudiced."

NICK WILBURN SENTENCED TO DIE DEC. 12

FARMER'S SLAYER DOOMED BY JURY

His Lawyer Makes Preparations to Fight for New Trial—Says Client Won't Hang.

GRAYS, Oct. 25.—With Nick Wilburn condemned to die December 12 for the murder of his employer, James King, a wealthy Jones County farmer, interest in Middle Georgia's famous murder case shifted to-day to King's wife, Mrs. Katherine King, who will be placed on trial before Judge J. B. Park Monday morning charged with complicity in the crime.

It is thought that the trial of Mrs. King will attract more attention than did that of Wilburn owing to the fact that she is a woman and the trial will be the first ever held in Jones County in which a white woman accused a man.

Mrs. King steadfastly maintains her innocence of any part in the death of her husband, and is confident that she will be acquitted, despite the confession of Wilburn that she told him to kill King.

Mrs. King's trial is not expected to be a long one. Her leading counsel, W. D. McNeill, announced late Saturday afternoon that few witnesses will testify in her behalf, but that these few will produce important testimony.

Widow to Tell Story.

"I propose now to put Mrs. King on the stand and let her tell the jury that she is innocent, which is the truth of this case," said Mr. McNeill. "I do not believe there is a man in Georgia who would convict her if he believes what she says, and we are prepared to support her statements by the testimony of other witnesses."

Mrs. King, though she has retained her courage and good spirits during the week of Wilburn's trial, broke down and cried when she heard the verdict.

"I just can't think what it means," she said.

She refused to see anyone, and sobbed herself to sleep in her cell. She spoke several hours later and held a long conference with her attorneys, the nature of which was not divulged.

Mrs. King has been a prisoner in the Jones County jail since her arrest last December. She has issued several statements repudiating Wilburn and branding his statements that he had killed her husband at her request as false. She declares that Wilburn always resented the crime and insists that she became intimate with him only because he exerted a strange power over her and forced her to do his bidding against her will.

Fight to Save Wilburn.

Declaring that Wilburn would never go to the gallows unless he was accompanied by Mrs. King, Attorney John R. Cooper has already started his battle to save his client from the hangman's noose.

A motion for a new trial has been set for a hearing before Judge Park on December 6, and if the motion is rejected, Mr. Cooper will carry his fight to the Superior Court, perhaps ultimately to the Pision Commission and the Governor. Mr. Cooper stated that in arguing the motion for a new trial he will contend that Wilburn was convicted on circumstantial evidence, and for that reason should not suffer the death penalty.

Wilburn has been taken to the Bibb County jail at Monroe where he has been kept since last December for fear of mob violence. He probably will be brought back here next week to testify against Mrs. King.

FROST STOPS WEEVIL.

The early frost stopped the boll weevil according to a statement Saturday, by Dr. E. L. Worsham, State Entomologist.

"Had it not been for this early frost, and the fact that Georgia farmers would have had to have begun their fight with the boll weevil this fall instead of next year."

ASKS ATLANTA POLICE TO FIND HER MOTHER

Mrs. W. A. Mills, 19, of Palatka, Fla., and her baby.

Young bride thinks she was born in Atlanta. Gives Beavers slight clew, and Chief is making diligent inquiry in her behalf.

Young Florida Woman Does Not Know Her Name and Foster Parents Won't Tell Her.

Chief of Police James L. Beavers is taxing the energy and resources of the police department to-day, trying to find Mrs. W. A. Mills, of Palatka, Fla., in her quest for a mother and a name.

"I want to know who I am," Mrs. Mills writes in a pathetic letter. "I want to find my mother. I have been told that she is dead—but I want to know. I don't know what my own name is. I don't know what the people I live with won't tell me."

The only clew Mrs. Mills was able to give the chief was the name of two men, brothers of Samuel Hutchins of No. 525 Kirby street, Palatka,

with whom she has resided since birth, and whom she thought was her father until only a few days ago. Then, she says, she learned that were only her foster-parents—not even relatives—and that she had been taken from her mother when a baby. Mrs. Mills' mother was born in Atlanta. She remembers living there thirteen years ago, when she was but 6 years old—she is only 19 now—and that Mr. Hutchins had a meat market on Mangum street. They took her to Savannah then, and later to Palatka.

A sister of Mrs. Hutchins, Mrs. Mills says, a Mrs. Price, of Covington, Ga., told her that while she was an infant her mother died, and Mr. Hutchins and his wife took her and brought her up. More than that the sister would not tell.

She has despaired, she says, of ever inducing her foster-parents to tell her the truth. She has appealed to the Atlanta police to help her learn her name or find her mother—and the police are doing all they can.

Kills Husband; Fails To Slay His Friend

\$3,240 Eye Rent Is Asked by Attorney

SAN FRANCISCO, Oct. 25.—Archibald C. Brown, son of the late Colonel N. D. Brown, of San Francisco, and heir to the estate of the vast Brown estate, was shot and killed in his home in the Lakeside district of Oakland, to-day by his wife, whose jealousy had been aroused by the infidelity of his husband in Mrs. Maria Miller. The tragedy occurred while Brown was asleep in bed.

After the shooting Mrs. Brown calmly arranged a luncheon appointment with Mrs. Miller for herself and Brown. When the hour arrived, she explained that Brown was delayed.

As Mrs. Miller was preparing the meal, Mrs. Brown drew a pistol from her stocking and, pressing the trigger against Mrs. Miller's neck, snapped the trigger three times. The second tragedy was averted by reason of an automatic lock on the weapon failing to release.

PRESIDENT TO SPEAK.

WASHINGTON, Oct. 25.—President Wilson and Senator George W. Garrison were announced to-day speakers at the National Rivers and Harbors Congress to be held in Washington December 3-5.

CITY OF MONTEREY IS WON BY REBELS

Place Captured After Siege Lasting for Ten Days—Many Persons Killed.

EL PASO, TEXAS, Oct. 25.—The city of Monterey, capital of the State of Nuevo Leon and one of the most important strategic points in Mexico, has been captured by the rebels after a ten days' siege. The city fell yesterday noon, but no confirmation was received from Monterey until today.

A terrific fire from machine guns was poured into the city for 24 hours, according to reports, and many persons were killed and wounded, while damage to the extent of several million dollars was done to property. The rebel force attacking Monterey was commanded by Pablo Gonzales and numbered 2,000. Colonel Contras formed a flank with 1,000 veterans of Torreón and Colotlán. Contra had 500 well armed troops. The Federal garrison numbered about 2,000. The rebels are reported to have had a number of machine guns.

According to the report received here Generals Maas and Tailes, with their forces, were defeated as they hurried to the assistance of Monterey.

The first skirmish occurred at Morales, a small distance from the city of Monterey on October 15. The rebels were victorious in this and the insurgent forces then divided, one body rushing to Monterey from the west, another from the east and one band got into the city by climbing to the top of the intersecting railway. At the same time another rebel division captured San Luis, a suburb, and controlled one of the main lines into the city.

PISTOL WARDEN NEEDED.

THOMASVILLE, Oct. 25.—When a jury in the Superior Court in session here this week found Cap Thompson, a negro, guilty of murder for killing Billie, another negro, Judge Thomas declared that if there was a pistol-hunting warden for the country three-fourths of the trouble would be prevented, as pistols were responsible for most of the crimes committed. Cap Thompson, jury recommended mercy. The prisoner will get a life sentence.

Sanders Sauls, a white man, on trial for killing a negro in the Boston neighborhood some months ago, was found guilty and sentenced to life imprisonment some time ago, but Sauls, after being a fugitive several months, gave himself up a few days ago, and was put on trial. The jury found it a case of justifiable homicide.

PRISON GUARDS FIRED.

White calmly asserting that an investigation would be welcomed, the administration at the Atlanta Federal prison has taken the first important step to rid the place of "infiltrants" within the penitentiary walls.

It was reported with some secrecy to The American Saturday that six guards and another officer had been pemphixoidly dismissed. Warden Toyoyama declined to discuss the matter. He would neither deny nor affirm the report, but it is declared that the prison is passing through a crisis and the charges first made by Julian Hlavachek, who result in important changes—those the warden admits and perhaps some his opponents may bring about.

TO HIDE THEIR CHARMS.

LOS ANGELES, Oct. 25.—The shapely curve of the ankles of women witnesses is not going to influence any verdicts in Superior Judge Jackson's Court—not if the judge can help it. The judge has ordered constructed a new stand closed on both ends and the front and open behind, so that witnesses can place their feet underneath and out of view.

"A handsome woman often gets a verdict when, if her charms were less, she might not get it," the court observes.

Presidential Election in Mexico Is a Farce

NOT ENOUGH VOTES TO MAKE A CHOICE

Dictator Huerta Purposes to Increase Army Strength to 150,000 Men.

MEXICO CITY, Oct. 26.—At the close of the elections to-day the indications were that not sufficient votes had been cast in Mexico to constitute a legal choice for the presidency to succeed General Victoriano Huerta.

No official announcement was made to-night, but it was unofficially estimated, judging from the results in the capital, where it is expected the vote would have up to the average, that less than 10,000 of the 80,000 eligible voters in the Federal district went to the polls. There are said to be more than 3,000,000 eligible voters in the capital.

It would be no surprise if Congress, the members of which also were voted for to-day, declared the elections void when that body is organized at the end of November.

Huerta Did Not Vote.

The leaders of the Catholic party claimed a long lead, although they were unable to estimate the number of votes polled for their candidates, Frederico Gamboa and General Rascon.

If this claim is correct, it is generally thought that General Felix Diaz and Requena ran second. The Liberal candidates, Manuel Caldera and Flores Magon, had printed tickets at the polling places, their constituents being obliged to write their names on blank ballots.

President Huerta did not vote. He spent the day at his Poptla suburban home.

Plans to Increase Army.

A decree will be issued by General Huerta to-morrow increasing the army from 80,000 men, its alleged present number, to 150,000. General Hinojosa proposed such an increase some time ago, but the Congress, which he dissolved, limited him to 80,000.

Since the Deputies and Senators not subject to the election provisions governing the Presidential elections, it is said to-night that the choice for Congress is assured. It is assumed, on shooting so far as known, that the Catholic party has a majority in both Chamber and Senate.

There was no semblance of disorder in any quarter of the city. A few patriots were on the streets, but neither police nor troops had any—but their usual duties to perform.

Polls Are Opened.

The polling places opened at 9 o'clock in the morning and remained open until 5 p.m., when the polls closed the booths until 9 o'clock in the afternoon, for the midday meal. They were reopened at 3 and closed again at 5 o'clock.

From 3 to 5 o'clock, officials one of whom was designated "president," were in attendance at each polling place. These officials represented the various parties and assisted in the preparation of the ballot when necessary, but offered no coercion or suggestion as to how the applicant should vote.

THAW DECLARED RESPONSIBLE.

NEW YORK, Oct. 26.—A money General Carmody to-night issued a statement declaring that the outcome of the present proceedings to bring about the return of Harry K. Thaw to this State will demonstrate "whether the law can be applied in a case of this kind and innumerable as his great wealth which can break down barriers of justice and defeat the law."

"It never was claimed that Thaw at any time is insane or that he was incapable of committing crime," the Attorney General said, and added that "although under the law an insane man is not held responsible for his acts committed while insane, it may be sufficiently lucid to successfully plan his escape from confinement it is apparent that he knows what he is doing and is legally responsible for his acts."

ACCEPT CHEAPER RATES.

WASHINGTON, Oct. 26.—The five principal express companies of the United States to-day notified the Interstate Commerce Commission of their acceptance of cheaper rates and simplified tariffs recently drawn up. "This decision," said commission officials, "means that all the far-reaching reforms determined upon by the commission will be implemented throughout the country." It is believed that the operation of the new rules and by the commission, the Grand Duchess' opposition prevents its announcement in Russia. She has sworn to marry no-

Grand Duchess Swears She Will Marry Only Man of Her Choice.

ST. PETERSBURG, Oct. 25.—While the betrothal of Grand Duchess Olga, the Czar's eldest daughter, to Prince Charles, son of the Crown Prince of Charles, has been announced, in Germany, the Grand Duchess' opposition prevents its announcement in Russia. She has sworn to marry no-

body but her cousin, Dimitri Pavlovitch, son of Grand Duke Paul, to whom she was secretly betrothed more than a year ago.

The Russian match is favored here because it would strengthen Russia's prestige in the Balkans. The Czar is said to be torn between political reasons and his daughter's happiness. He has been accused of planning to wed his daughter to a German prince, to sell off the girl, and in the same line of policy, another daughter, Princess Tatiana, to Prince Alexander of Servia.

A Bitter Struggle On Money Reform

WASHINGTON, Oct. 26.—Reconstruction of the administration currency begins to-morrow behind closed doors in the Senate Banking Committee. The issue is clearly drawn between the bill as passed by the House and the central bank plan proposed by President Frank A. Vanderlip of the National City Bank, of New York.

Whether the administration bill, backed by President Wilson's expressed uncompromising opposition to the Vanderlip plan, and renewed support from administration supporters, will emerge triumphant from the Senate committee, or whether a middle ground will be found between the two measures, is the next question. The Senate committee begins to-morrow its work on the bill, which is the main part of its money reform idea. Administration supporters, viewing that fact, declare that such a measure will not be passed by the House, and that it will be rejected by the Senate, and work with the administration bill as passed, reserving its fundamentals, if currency legislation is not to be definitely delayed.

NINE WARSPIES.

NORFOLK, VA., Oct. 26.—The nine American warships which left Hampton Roads yesterday bound to the Mediterranean for Turkey to-morrow were 41 miles east of Cape Henry. The Wyoming, flagship of the Atlantic fleet, which is heading the squadron at sea, is to report its position daily to the Navy Department.

President Wilson Greeted by Crowds

On his way to attend the Southern Commercial Congress at Mobile, President Woodrow Wilson spent twenty minutes in Atlanta Sunday. He was greeted by a large and enthusiastic crowd.

Passing for the first time since his native South, where at every town and hamlet he was greeted by a sea of faces calling for over so short a speech, the President on all occasions smilingly declined to talk.

At Charlotte, as Spartanburg and Atlanta above, his one act was to make a gaily rousing hand to his friends and say:

"Any day but this I will speak to you!"

The President spent most of his day on the train in reading and resting.

DRY FARMING CONGRESS.

TULSA, OKLA., Oct. 26.—In connection with the product exhibition in progress for the last six weeks, the International Dry Farming Congress will open its four-day meeting here to-morrow. At the same time the International Congress of Farm Women, an affiliate of the dry farming organization, will hold its sessions. The election of officers and the selection of the next convention city will be held on Thursday.

WASHINGTON, Oct. 23.—Secretary McAdoo denies to-day the report that he intended to resign the Treasury portfolio.

7 FIREMEN DEAD AND 24 INJURED

Goodyear Rubber Store in Milwaukee Burns—Loss Estimated at \$500,000.

MILWAUKEE, WIS., Oct. 26.—Seven dead firemen and 24 injured were taken from the ruins of the store of the Goodyear Rubber Company here to-night in a fire which caused a loss of \$500,000. It is believed there are several more bodies in the ruins.

The flames broke out on the second floor, and while the firemen were fighting the blaze from the front and rear, an explosion sent the walls crashing down on 50 firemen. Windows for blocks around were smashed and the flames spread adjoining buildings. Rescuers continued to sent into the blazing mass, and the bodies of the dead and injured were taken out.

Practically the entire fighting apparatus of the city came to the scene, which is in the heart of the business section. Several other firms besides the Goodyear company suffered losses.

TEMPERANCE TARS CHEERED.
NEW YORK, Oct. 26.—Enthusiasm was aroused this afternoon when eight sailors from the United States steamship Washington, receiving ship at the Brooklyn Navy Yard, appeared at the convention of the world's Woman's Christian Temperance Union at the Brooklyn Academy of Music. Many in the audience rose and cheered.

Miss Anna Harts Amor, of Georgia, in a ringing speech declared that many persons when they started to run for Congress suddenly discovered just how strong their temperance sympathies were. She told in a general way how the States of Georgia and West Virginia went dry. "The idea of saying that any good man is in the saloon business is bosh," she concluded.

BODIES BURIED UNDER DEBRIS.
DAWSON, N. MEX., Oct. 26.—The bodies of Mine Superintendent William McDermott and Henry P. McMichael, the young miners from New York who were rescued yesterday in the fourth chamber north of mine No. 2 of the Stag Canyon Fuel Company. Both bodies, with sixteen others, were buried under tons of debris.

It was to-night learned that not one of the 284 men caught in the explosion remains in the mine alive. Late to-day the entire workings had been explored by helmet men, and it was learned definitely that the bodies not located are buried beneath tons of debris.

The mine to-day remained relatively clear of the "death gas" which heretofore impeded the rescue work.

RYAN ATTACKS SULZER.
NEW YORK, Oct. 26.—In a statement issued to-night Allan A. Ryan reaffirmed his testimony before the high court of impeachment at Albany concerning the contribution of \$10,000 to the Sulzer campaign fund to which the deposed Governor took exceptions last night in a speech in the Sixty Assembly District.

Ryan, Sulzer's story of the telephone conversation preceding the contribution, Ryan declares that Sulzer "is not telling the truth." Ryan makes the same comment regarding the former Governor's conduct. It is reported that the former Governor asked him to intercede with Senator Root, William Barnes, Jr., and others in an effort to have the impeachment stopped.

SNOW COVERS OKLAHOMA.
OKLAHOMA CITY, OKLA., Oct. 26.—Snow fell throughout Oklahoma from to-day to-night. Sunday noon to a depth of from three inches at Bartlesville to a slight flurry in the southeastern portion of the State. A bitter north wind accompanied the snow. Temperatures are reported near freezing.

In the panhandle section of Texas the snowfall measured two inches, the temperature dropping from 80 degrees to 35 in four hours.

OWE MILLION FOR JEWELS.
WASHINGTON, Oct. 26.—Bills aggregating \$1,000,000 for jewelry charges against citizens of the United States have been forwarded to the War Department by a large installment jewelry concern on the Pacific Coast, with an appeal for Uncle Sam's aid in collecting the indebtedness. The corporation has declined to act as collector, and the creditors' only recourse is to proceed against the individual soldiers.

ROOSEVELT LEAVES RIO.
RIO DE JANEIRO, Oct. 26.—Theodore Roosevelt left Rio de Janeiro at 8 o'clock this evening by a special train for San Paulo. The party was accompanied to the train by a representative of President Fonseca, by all the ministers, the diplomatic corps, members of Parliament and high officials. The crowds cheered the departing visitors.

RESTFUL DAY FOR SPEER.
MOUNT AIRY, GA., Oct. 26.—Federal Judge Emory Speer, the Son of the Devil of Mount Airy, who has been very critically ill at his summer home here, passed a quiet and restful day and seems to be improving. His family is very much encouraged with his present condition.

KAISER IN VIENNA.

VIENNA, Oct. 26.—Emperor Wilhelm II of Germany arrived here to-day on visit to Emperor Francis Joseph, who warmly welcomed him at the station. The meeting of the two sovereigns will go far toward checking the influence of Germany's anti-Austrian policies during the Balkan war.

BATTLESHIPS FOR PANAMA.
VIENNA, Oct. 26.—The battleship Zrinyi has been selected to participate in the naval pageant at the opening of the Panama Canal.

THE KING OF DIAMONDS

The Thrilling Story of a Modern Monte Cristo

BY LOUIS TRACY.

(Copyright, 1904, by Edward J. Clode.)

This Week's Installment

"Wouldn't talk of anything else," volunteered P. C. Bradley.

"Judging by the way he dropped when I hit him, I expect he saw stars," said Isaacstein.

"Are you leaving here?" asked the inspector.

"Yes, I must. The company which owns these premises intends to pull them down on the first of next month."

"What is your name?"

"Anson."

"Ah! I think I remember hearing something about your mother's death. Very nice woman, I was told. A lady, too."

"Yes, all that, and more."

"Of course, there are accounts for your manners and appearance. Have you found some friends?"

The inspector's glance roved from the man's neck to his Philip's thy garments, and he was in business to make rapid deductions.

"Yes, most fortunately."

"With Mr. Sharp & Smith?" the constable put in.

"Sharp & Smith? Who are they?"

"You know. They're young men, I certainly didn't see to know much about your movements. He has been here twice looking for you. The first time he was out in the last Monday, about 4 o'clock, me last. Monday, he was out in the main road, and he asked me for some information. Second, when I gave him a lesson, less of outrage to his feelings, than a few big sums of money with a man from whom he had been separated. Now he was the garments of a tramp."

"Good morning," he said, pleasantly.

"Yes, sir. I am glad to see you."

"Have you been to Somers House?"

"No," said Philip.

"I am not going to control a bit, captain. You may have some bad habits or you will lose it, no matter how large it may be."

"I am not going to let these compel you to pay me, Mr. Isaacstein."

"Not exactly, but the stamping of important documents is a means toward end, I assure you."

"'Tessie,'" Philip said. "He simply asked for my last name, but he certainly could not help smiling at the expression of utter amazement when his identity was told on his hearer."

The old man led him upstairs as one in a dream, for he had been warned to expect Philip, a Philip in fact, not a smart young gentleman like a bank clerk.

Isaacstein this occasion looked and acted the sound man of business he

had been.

He awaited Philip in his private office, the room being his boy's own, though appearing as the office of a man of means.

There was a certain lack of distinction, less of outrage to his feelings, than a few garments of a tramp.

"Good morning," he said, pleasantly.

"Yes, sir. I am glad to see you."

"Have you been to Somers House?"

"No," said Philip.

"I am not going to control a bit, captain. You may have some bad habits or you will lose it, no matter how large it may be."

"I am not going to let these compel you to pay me, Mr. Isaacstein."

"Not exactly, but the stamping of important documents is a means toward end, I assure you."

The Money.

"I will see to it, but I wanted primarily to be certain of one or two things. First, you pay me the gold as promised. Second, will you give me a fresh purchase note for my diamonds which will not indicate so definitely that I am a diamond merchant? I have been here so much needless publicity has been made of my business."

"I am not going to let these compel you to pay me, Mr. Isaacstein."

"Not exactly, but the stamping of important documents is a means toward end, I assure you."

Isaacstein.

"Well, I will see to it, but I wanted primarily to be certain of one or two things. First, you pay me the gold as promised. Second, will you give me a fresh purchase note for my diamonds which will not indicate so definitely that I am a diamond merchant? I have been here so much needless publicity has been made of my business."

"I am not going to let these compel you to pay me, Mr. Isaacstein."

"Not exactly, but the stamping of important documents is a means toward end, I assure you."

The Pall Mall Hotel.

"I am not quite sure, but my address was known to Mrs. Wrigley, the James Street Laundry, Shepherd's Bush."

"Ah! That is probably why you do not want to be mixed up with the arms of Mason. There is no need for you to appear in court, but—er—in such cases as yours, the police like to show that you are a man of good repute. That is so, Bradley, isn't it?"

"Yes, sir. If it hadn't been for him I wouldn't be here now. Jocky had me fairly cornered."

"You had no time to summon assistance?"

"I barely heard he was here, before the window was smashed, and I knew he was trying to get out the other way. Hear him, Anson?"

Philip looked at the pensioner squarely in the eyes.

The cabman knew little, and O'Brien less, of the tremendous avoidance of this innocent-looking baggage. A long-suffering horse may have had his private views, but he did not express them.

Saying good-bye to the pensioner in the shop, Philip took good care that nothing overheard him, and he drove off. In about three-quarters of an hour he lumbered into Charing Cross Station without a soul in the East End behind him.

"Where to, sir?" asked a porter who opened the door for him.

"Well, Mr. Anson," said the manager, passing by. "How you will take care of your money?"

"I want to do that," smiled Philip, who was slightly nonplussed by the drift to his name, heard by him for the first time.

"Oh, if you leave it with me it will be quite safe."

"I will not leave all, but certainly I will not leave five thousand pounds in a week. I mean to buy some property, though, and—can I have a hundred?"

"By all means."

Philip wrote his first check and received five pounds, five pounds notes. Isaacstein stood by, smiling grimly. He had not yet got over the farcical side of this extraordinary occurrence, but he was considering what the bank manager would say had he told him he had left the pensioner in the shop.

"The official who was one of the most skillful hotel clerks in London, for compensation of course, had been engaged by a mere boy, who could not be a day older than 17, and might be a good deal less. He cast a critical eye on his boy's nothing, and said that while it was good, it had not the glow of Vere de Vere."

Philip would paralyze him at one fell blow, little dreaming that the other read his glance and knew the exact moment when he knew he was good.

"That sounds all right. I will take it."

"Ah, yes. It costs five pounds a day."

The manager's sentence contained a note of admiration that swelled out into a magnificently crescendo. It was a very queer look which should be crushed into the very dust.

"Five pounds a day," observed Philip, "is a princely sum, but there will be a reduction for a month."

"Well, during the season it is not unusual to do."

"Very well, I can easily arrange for a permanency later if I think fit. What number is the suite, please, and will you kindly have my luggage sent there at once?"

The clerk was demoralized, but he had to make a speech.

"Do you quite understand the terms?"

"Yes," said Philip. "Shall I pay you a deposit in advance? I can give you notes, but it will oblige me if you take a check, as I may want the ready money for other purposes."

Receiving a faint indication that under the circumstances, a check would be more convenient, he wrote one, which his check book filled in a check to the hotel, and did not forget to cross it.

"I paid £25 for the lot, and the man who waited on him tried in vain to tempt him to spend more, but he adhered strictly to his word."

He possessed sufficient genuine luggage to be considered a gentleman, but not young, than himself, a smart page who listened to the foregoing with deep interest—asked timidly whether the guest would go by the name of the pensioner.

"I would recommend you to rent a strong-room in the same building, or a safe. There you have absolute security and quick access during business hours."

Philip expressed his thanks and paid the bank with his agent.

In the middle of Holborn, in the midst of the noise of the bustle thoroughfares in London, he pulled the giant diamond out of his pocket and suddenly diamond out of his pocket and suddenly his hand, a dagger's hilt.

"I told you I had them as big as hen's eggs," he cried. "What do you think?"

"Are you mad?" he whispered.

"No, mad," answered Philip, coolly, as he pocketed the gem, only

wanted you to wibble."

"You wanted me to wibble?"

"Yes, you look so like a big top at times. When do we meet again?"

"Why not? It attracted no especial notice from the people as came here. Nobody can smell it. Won't even detect, nor burn it in my clothes. It is quite safe, I assure you."

"Boy, boy! It must weigh four hundred karats!"

In Clover.

"Enough of business for to-day. I have a few things to attend to. Shall we say Tuesday?"

"No. Wednesday at eleven. One word. Let me put it in my safe."

Philip hailed a hansom and drove off. Late at night he was again at Isaacstein's, his white away.

The dealer swayed gently through the crowd until he reached the office where the manager was seated.

"Good-bye," he murmured, "take charge, please. I'm going home. I want to rest. Let me start for Harwich. And, Samuel!"

"Samuel?"

"Well, I am away now you might order another scales. In future we will sell diamonds by the piece, like notites."

"Philip's two smart Gladstone bags with 'P. A.' nicely painted on them—"

"I am experiencing difficulty in reaching the proper department for stamping documents and thus giving them a special signature."

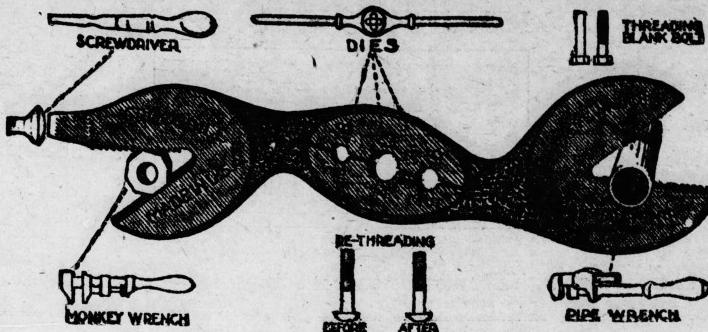

An official glanced at Isaacstein's contract note, and then looked at Philip, who casually introduced such a word as "primarily" into a sentence, and gave a slight shrug of the shoulders.

"I am not going to let before I am away."

"Samuel,"

"Samuel?"

Sweet Sixteen and Her Stepmother

By WINIFRED BLACK

YOUR wife is good, true, kind, gentle, sweet and considerate. And your daughter hates her just because she is her stepmother?

She is impudent, cross, stubborn, sullen and disagreeable in every way—and you don't know what to do? Well, now, in the first place, how old is daughter?

Sixteen—I thought so—the meanest, most conceited, most self-centered age on earth. Talk about sweet sixteen—sour sixteen would be better—silly sixteen, I'm afraid. Up to that age a girl is a little girl—easily managed, tractable, affectionate, a thing to be loved and petted and cared for. But after that till she's twenty or so she's just about the most foolish creature in the world. I'd say the most foolish if she didn't have a brother. When he gets to be about twenty he'll show sister the road to Foolville, and not even try very hard.

Heard About Stepmothers.

It isn't the girl who's cross, it's her age and what she thinks she ought to be. She's heard about stepmothers since she was born, and not one good word has she ever heard about them. She feels about that just as you'd feel if somebody brought a nice, amiable, well-meaning rattlesnake home to

board and then was lighted to meet and greet him.

Silly—of course it is silly—so many things are—but they are to be reckoned with, all the same—silly or not.

The average stepmother is not as fond of daughter as the average mother—how can she be? But I don't believe she's any such ogre as popular fiction makes her out to be.

See here! What if you were in business somewhere, and you liked the business and the man you worked for, and he liked you and he thought you very clever and very interesting and couldn't get on without you at all. And all at once he brought a new man to the shop—a man not so clever as you and, from your point of view, not half so interesting—and you saw your place in the business gradually absorbed by the new man—would you love him madly just because somebody told you it was your duty to do so?

Your home, your house, your heart has been your little girl's business for some years. She's been about everything there was on earth to you. And now all at once here's this newcomer taking her place at the table, telling her what to wear. Her—the Great Wonder of the Age—who knows

everything better than anyone else could even dream of knowing it—unless she was sweet sixteen and her father's only daughter, too.

"Bossing" her about her clothes, "advising" her about the way to do her hair, "misunderstanding" her friendships, smiling when she ought to sigh, frowning when she ought to laugh. Why, it really is very hard for Sweet Sixteen when you come to think of it, isn't it?

She'd Be Forty Odd.

And then—the Mother who's gone—don't you love the little girl just a little for being jealous of things on her account, too?

See things from your point of view? Now she wouldn't be sixteen if she could do that, would she?

She'd be—um, well, say forty-odd, and a whole lot of things will look different to her when she's forty.

She'll realize then that memory is poor company and that tears are an unwholesome drink for any human being. She'll see the roses bloom on the grave of the one she loved best in the world and stop a minute for the gentle tribute of a sigh—and nothing more.

She'll understand then that Forty is human as much as Sixteen, and astonished because Forty needs

companionship, sympathy, appreciation and love.

Thinks It Too Silly.

Of course, she thinks that word too silly for anything for Forty. But she'll get over that—some day, some time—when she's forty, too. And then she'll look back and see how selfish and foolish and cruel she was when she was Sweet Sixteen, and tried to still the hot jealousy in her heart by sarcastic smiles at poor Stepmother's little timid attempts to appear her.

Then she'll know how self-centered she was and be sorry. But after all you know this is the very time of her life when she would have been the very center of the home if Mother had lived.

Daughter's gowns, daughter's friends, daughter's hopes, daughter's ambitions, those would have been the whole thing, and now she's just a side issue, just a second fiddle—and she wouldn't be human if she didn't resent it just a little.

What shall you do? Be patient, be wise, be sympathetic to both these women. They both belong to you and some day it will all straighten itself out. You can not eat your cake, dear man, and have it, too, you know. Though, somehow, that's just what we poor mortals are always trying to do, aren't we?

Worker, Caught in Flywheel, Unhurt

EDGEWATER, N. J., Oct. 22.—Caught in the huge flywheel in the power house here, David Carroll was whirled around till all his clothing came off. He was uninjured.

AGAINST PROVISION.

WASHINGTON, Oct. 22.—The complete elimination of that provision of the Senate banking bill which would require the segregation of savings accounts by banks entering the proposed system will be proposed by members of the Senate Banking and Currency Committee.

It is the present purpose of the committee to wait until next week to begin consideration of the bill in executive session. The remainder of this week will be spent in hearings which will close October 25, according to the committee agreement. Night sessions may be held during the balance of the week.

TO INVADE AMERICA.

NEW YORK, Oct. 22.—American merchants are jubilant over the new American tariff bill and now are making plans for an invasion of the United States with their goods, according to Charles M. Schwab, president of the Bethlehem Steel Company, who returned from Europe. "Everywhere throughout Europe," said Schwab, "the merchants are preparing to ship heavy consignments of their products to America. It will take some little time before the invasion is well under way, but it surely will come."

SAYS SHE BOASTED "FRIEND." PLYMOUTH, MASS., Oct. 22.—Mrs. Benjamin F. Bursey, Washington, D. C., testified that Mrs. Jennie May Eaton, now on trial accused of poisoning her husband, Rear Admiral Eaton, had told her she was a "gentleman friend" in Chicago.

"Mrs. Eaton used to tell what a handsome fellow he was," said Mrs. Bursey. "She said that when he died she was going to get everything that he had, and that he had a beautiful home in Chicago. She said he was rich and owned blocks of houses."

PLOT IN CUBA.

HAVANA, Oct. 22.—A military plot against the Cuban Government has been discovered. Colonel Puilo, commander of the barracks at Matanzas, to-day ordered the arrest of two retired army captains on the charge that they were conspiring against the public police.

Many army officers, who have recently been placed on the retired list because of political activity, are angry at the Government and began plotting the downfall of President Menocal.

WANTS CHARGE WITHDRAWN.

WASHINGTON, Oct. 22.—Senator Lewis, of Illinois, to-day in the Senate introduced a resolution calling on the Government of the United States to use its good offices with the Government of Russia to withdraw the "unjust ritual murder charge" against Mendel Beilis, on trial in Russia for the murder of a Christian boy.

The resolution was referred to the Committee on Foreign Relations.

IN FIGHT FOR CHILD.

SELMER, ALA., Oct. 22.—Mrs. Ab Hendricks has brought a habeas corpus suit before Judge J. W. Mabry in City Court here against her husband, an Atlanta man, for the custody of their 3-year-old daughter.

Total Reduction of Duty on Foods

Is \$66,000,000 for 100,-000,000 Population.

WASHINGTON, Oct. 22.—According to the actual figures of the new tariff law the high cost of living, as estimated with respect to foodstuffs alone, will not be greatly reduced, notwithstanding the promises of the party that the prices of these articles would take a tumble after the law

After free sugar becomes effective, went into operation.

Based upon calculations upon the duties paid under the Payne-Aldrich law for the year 1912, the net saving in foodstuffs for the American people will amount to just about 66 cents for every man, woman and child in the United States.

The amount of duties paid in 1912 on articles that have been transferred from the dutiable to the free list was \$7,296,733. On items upon which reductions were made the saving amounted to \$6,112,732. These two classifications figure about a lessening of duties on articles of food amounting to \$13,409,465.

To this must be added after three years when sugar becomes free, \$5,000,000.

That makes a grand total of \$66,465 in reduction of duties on table articles. Figure that out among 100,000,000 people and the personal effect upon each individual is easily ascertained.

Of the foodstuffs free listed this country exports a grand total of \$258,504,669 according to the figures of 1912. There may not be much interference in that trade in the shape of imports.

The proportion is seen in the case of sugar, which was paid in the shape of duty last year the tiny sum of \$66 and exported the enormous sum of \$63,922,139.

OWNS CHILD FOR TEN YEARS.

An unusual verdict in which the child is awarded to the mother for a period of ten years with the provision that the father shall be allowed to see and have the child for two hours the first two days of each month. This month was handed down in the divorce suit of Rudolph Oester, an electrical engineer of East Point, against Mary Odessa Smith Oester, in Judge John Pendleton's division of the Superior Court.

According to the further specifications of the jury the child, a boy 2 1/2 years old, shall be delivered to the custody of the father at the end of ten years.

Market Quotations For Week Ending October 28, 1913

REVIEW OF COTTON MARKET

The bulls succeeded in boosting the price of future contracts to new high levels during the past week. Freezing temperatures over the cotton belt, followed by heavy rains, causing serious injury to the crop, not only damaging the boll, but lowering the grade as well, was given as explanation for the fresh covering by shorts and for new bullish activity, and before the frenzy of buying was ended the market was up about \$1.50 a bale, as compared with the closing quotations of last Tuesday.

However, there were no signs of a revival of public interest or any buying of consequence by spinning interests, and it looks like a dreary repetition of professional in-and-out trading for the present. It is plain that neither speculators nor spinners will buy contracts at 14c. Some of the most conservative operators assert that 14c is too high for the staple under existing conditions and the spinners will not buy, for except immediate needs, around that level.

The technical position of the market was very much improved by general liquidation of disappointed longs who had bought on the recent break, but there was little difficulty in sustaining values around the season's high level.

Friday the market was rather weak, being under general liquidation and there was absence of support in anticipation of a bearish ginning report. Encouraged by the lack of resistive power the market displayed bears sold with confidence throughout the day while tired longs who had bought near the top sold. The only buying came from shorts. Liverpool gave the cue for lower prices by cabling declines in both futures and spots. It looked as if everybody was loaded with cotton and was waiting for something else to put price up. Usually in such case the market takes a dip and it did. Longs did not want to stay in over the ginning report and traders sold the list on technical grounds, thinking the market was overbought. The bull leaders showed no disposition to support the list, preferring to wait on the report.

The ginning report showed 6,855,583 bales ginned to October 18 this year compared with 6,836,222 bales during the corresponding period last year. In other words, this represented the second largest ginning report in the history of the market.

The report looked bearish—very bearish, but after considerable discussion in conservative quarters they suddenly turned bullish on account of the unfavorable weather, which has not only cut the prospects of a large top-crop, but lowered the grade to an extent that thousands of bales are unsellable. This, together with the belief that returns will from now on show a falling off, offset the bearish complexion of the report. There was considerable liquidation on long account in anticipation of the ginners' report to be around 7,000,000 bales, and hence the market was in a healthy position to respond to bullish developments. Shortly after the report came out the Government predicted unsettled conditions over the western belt, followed by much lower temperatures over Sunday, and bulls at once started to bid the market up on shorts who scrambled to get under cover. Before the buying wave subsided, the market sold as high as 13.95 or 22 points over the low opening. The New York market acted accordingly and closed 14 to 25 points higher than the previous year.

One of the rumors that played on the nerves of shorts was that it was snowing in Oklahoma. There was a general shaking of heads over this fresh disaster and everybody predicted that the market would take another big jump Monday should weather news materialize over Sunday.

The list did not jump Monday, but weather news of Saturday certainly did materialize, Oklahoma reported killing frost and snow in many sections of the State. Texas was given a heavy soaking, as well as the Central States. The news was bullish, but the market wouldn't "bulb," except December made a new high mark by advancing to 14.12, against 14.10, the opening quotation, and January sold at 13.85, 2 points over the previous high level for the season. Try as they would, the leaders of the bull movement could not lift the list higher. As they had everything in their favor, the only explanation was that the market lacked buying power. There unquestionably was an avalanche of selling orders—short selling, liquidation by longs and at times the barest report of snow, frost nor rain on top of all this could induce sellers to quit. This was the case in the face of the Government's weekly forecast, predicting another bad spell of weather during the week. Later in the day, when the selling movement was at its height, shorts began to cover, followed by active buying by spot houses and some of the leading bulls, based mainly on the rumor that Pelt & Co. had estimated the cotton crop at 13,500,000 bales, without limits. This resulted in the list closing a few points higher than the initial low levels.

While reports from the eastern belt are contradictory, there seems to be little doubt that frost has done great damage—even if it hasn't destroyed all hopes of a top-crop. It was conceded even before the cold wave came that the western belt would make but little more than had already been made, so that unless reports are grossly out of line with facts, there is little likelihood of material additions to the crop as it stands. The question is, how large is it? On this point there is bound to be wide difference of opinion for the next few weeks. Ginner reports give but little help in this regard for spinners. Meanwhile, there is a tendency to reduce crop estimates. On the other hand, the bear element seems inclined to discount extreme damage by frost, and is still confident that the ultimate returns will exceed 14,500,000 bales, if not more.

Farmers are selling their cotton freely at full basis.

It was reported that some old cotton men have advised them to on to what they can do best.

Exporters find it difficult to buy good grades, except at premiums. One of the most bullish developments recently has been the relative strengthening of the foreign market, which is accounted for by the fact that many prominent buyers have transferred the seat of their operations from Texas and Oklahoma to the eastern belt, which has recently been offering spot grades much cheaper basis than the same class of cotton could be bought in the western belt.

Picking is being rushed everywhere, weather permitting, but conditions have not been so good for the past few days, and it is generally believed that the next Governmental report will show marked falling off in ginnings.

TUESDAY:

As coast over northwest Texas, which was likely to move eastward and cause increasing southerly shifting to brisk to high winds, with marked lower temperatures by Wednesday. There also many bullish crop estimates, all being under 14,000,000 bales. It took to check the decline and prices declined the forenoon stood about 5 points over what was unchanged for the entire range. The value of business was rather light.

The market was very dull during the early afternoon. Prices, however, were held steady at a sharp decline. A sale to the west was made, which was probably for a German account, attracted some attention, but was easily taken by leading bulls.

The report from Mr. Cordell came as a surprise in view of the preceding date for account given. This report suited the speculators quite well, and was here and accounted for the revival of the bearish feeling. As a whole the market was moderately quiet, a rut, but underlying factors are extremely strong, and the weather during the next few days.

There was evidence of good support developing when the market reached 14.96 for October and 13.87 for January. Wires told of a disturbance on the Tex-
